Das erwartet Sie

Fixed costs, contribution margin, profit centre, break-even point ... These terms are the basis for important operational and economic calculations and management decisions. The EBC*L (European Business Competence Licence) certificate demonstrates business management expertise on an internationally recognized level. Module 2 contains everything worth knowing about cost and investment accounting. Grasping structure, terms and definitions of cost and investment accounting is the key to understanding business economics and to attaining a company's objectives.

Inhalte

- Cost distribution sheet
- contribution margin
- Individual/overhead direct/indirect costs
- fixed costs / variable costs
- capacity utilisation
- economies of scale
- fixed cost depression
- internal activity allocation
- calculation, Short/long term price floor
- pricing policy, market types, price-demand function
- cost centre accounting, profit centre
